PROFESSIONAL APPOINTMENTS

Research Scientist <i>University of Washington</i> Department of Biology	May 2025 - Present
Consulting Expert <i>United Nations Development Programme</i> Human Development Reports Office	Jul 2024 - May 2025
Associate Research Scientist <i>Columbia University</i> Craig Newmark Center for Journalism Ethics and Security	July 2022 - June 2024
Postdoctoral Scholar <i>University of Washington</i> Center for an Informed Public	Sept. 2020 - July 2022
Adjunct Instructor <i>Owens Community College</i> Biology Department	2014

EDUCATION

Ph.D. Ecology and Evolutionary Biology <i>Princeton University</i> Supervisors: Professor Iain Couzin, Professor Dan Rubenstein Dissertation Title: Collective behavior in a connected world	2014-2020
M.A. Ecology and Evolutionary Biology <i>Princeton University</i> Supervisors: Professor Iain Couzin, Professor Dan Rubenstein	2016
M.S. Biology <i>Bowling Green State University</i> Supervisor: Professor Sheryl Coombs Thesis Title: The role of the lateral line during rheotaxis	2014
B.S. Neuroscience <i>Bowling Green State University</i>	2011

AFFILIATIONS

External Applied Complexity Fellow <i>Santa Fe Institute</i> Applied Complexity	Jan 2025 - Present
Collaboration Partner <i>University of Konstanz</i> Centre for the Advanced Study of Collective Behaviour*	Aug. 2024 - Present

External Affiliate

Apr. 2023 - Present

Harvard University

Berkman Klein Center

Affiliate

Aug. 2022 - Present

UNC Chapel Hill

Center for Information, Technology, and Public Life

RSM Assembly Fellow

Sept. 2022 - Apr. 2023

Harvard University

Berkman Klein Center

UW Data Science Postdoctoral Fellow

Sept. 2020 - July 2022

University of Washington

eScience Institute

BOOK

Title: *Of Fish and Fascists* (Forthcoming: 2027)**Publisher(s):** Princeton University Press (US), Oneworld Publishing (UK), Corpus (Russia), Ullstein Verlag (Germany), Sangsangsquare (Korea), Katoptro (Greece), Pilot Books (Romania)**Agent:** Brockman Inc.**PREPRINTS**

FUNDING

Templeton World Charities Foundation (2025)	\$256K
Santa Fe Institute Dimensionality Working Group	\$17K
CIP Innovation Fund Experimental approaches to studying misinformation online	\$10K
CIP Innovation Fund Rapid Response Workshop	\$2.5K
BGSU SETGO Summer Research Fellowship	\$3.5K
BGSU CURS Summer Research Fellowship	\$2.5K
Choose Ohio First Bioinformatics Scholarship (3 years)	\$12K
Flow Sensing in Air and Water Travel Award	\$2K

AWARDS & FELLOWSHIPS

Santa Fe Institute External Applied Complexity Fellow	2025–Present
Behavioral Science and Policy Association Paper of the Year	2024
Berkman Klein Center Rebooting Social Media Assembly Fellowship (\$18K)	2023
Data Science Postdoctoral Fellow, UW eScience Institute (\$2000)	2020–2022
CIP Postdoctoral Fellowship (\$170K)	2020–2022

INVITED TALKS & SEMINARS

CITP Seminar (Princeton University)	2025
Guest Seminar (Stockholm Resilience Center)	2025
Closing Keynote at CoCCoN workshop (Humboldt University)	2025
BKC Circle Launch Panel (Harvard University)	2025
Special Seminar (Center for the Advanced Study of Collective Behavior)	2025

Wikidata Day 2024 Panel (Wikimedia NYC)	2024
Collective Adaptation in a Turbulent World (Santa Fe Institute)	2023
Diverse Intelligences Summit (Saint Andrews)	2023
Our shared digital future (UNDP)	2023
Optimizing for What? (Columbia University)	2023
Vlasceanu Lab Meeting, (NYU)	2022
Collective Intelligence Journal Launch (Sage Journals)	2022
Keynote Speaker, Rebooting Social Media Kickoff (Berkman Klein Center, Harvard)	2021
Machine Learning Ethics, Transparency and Accountability Seminar Speaker (Twitter)	2021
Plenary, DARPA ISAT SLICE Workshop (Stanford Internet Observatory)	2021
Whole U Seminar Series (University of Washington)	2021
Online Behavioral Interventions Workshop (Max Planck Institute for Human Development)	2021
Collective Intelligence Workshop (Santa Fe Institute)	2021
Humphrey Fellowship Seminar (University of Washington)	2021
IC2S2 Satellite Panel (Konstanz)	2021
iSchool Seminar Series (University of Washington)	2021
Invited Lecture (Lenoir-Rhyne University)	2019
Van Bavel Lab Meeting (New York University)	2019
Collective Behavior, Social Media and Systemic Risk (Princeton University)	2018
Yale Institute for Network Science (Yale University)	2018
Metropolitan Society of Natural Historians (AMNH)	2016

TEACHING

Faculty	Santa Fe Institute
<i>The Complexity Global School for Emerging Political Economies</i>	
2025	
Guest Lecturer	NYU
<i>Tech, Media and Democracy</i>	
2024-2025	
Guest Lecturer	NYU
<i>Graduate Regression</i>	
2023-2024	
Guest Lecturer	University of Pennsylvania
<i>Policy Lab: Women in Conflict & Security</i>	
2023	
Guest Lecturer	University of Washington
<i>Calling Bullshit</i>	
2020	
Guest Lecturer	Princeton University
<i>Comparative Physiology</i>	
2017-2018	
Assistant in Instruction	Princeton University
<i>Natural History of Mammals</i>	
<i>Comparative Physiology</i>	
<i>Conservation Biology</i>	
<i>Life on Earth: Chaos and Clockwork of Biological Design</i>	
2014-2020	
Adjunct Instructor	Owens Community College
<i>Introductory Biology, Taxonomy</i>	
2014	

SERVICE

Member, **Coalition for Independent Tech Research**, 2022-
Annual Report Consultant, **United Nations Development Programme**, 2022
Lab meeting and Seminar Series Organizer, **Center for an Informed Public**, 2020-2022
Hidden Curriculum Happy Hour Organizer, **Center for an Informed Public**, 2021-2022
Misinfo rapid-response workshop organizer, **Center for an Informed Public**, 2021-2022
Election Integrity Partnership Analyst Team Lead, **Election Integrity Partnership**, 2020
EEB Scholars Host and Speaker, **Princeton**, 2018-2019
Recruiting, **ABRCMS**, 2018
CBSMSR Conference Organizer, **Princeton**, 2017
Graduate Representative, **Princeton**, 2016-2018
Recruiting, **ABRCMS**, 2017
Prospective Student Week Organizer, **Princeton**, 2014-2019
Behavior Seminar Series Organizer, **Princeton**, 2015-2016
Graduate Retreat Organizer, **Princeton**, 2016-2017
President of Biology Graduate Student Association, **BGSU**, 2011-2013

SELECTED PUBLIC WRITING

TikTok's API Guidelines Are a Minefield for Researchers, *Tech Policy Press*
Twitter Is Not Rocket Science—It's Harder, *Scientific American*
On Elon Musk's Vision of Twitter as a Hive Mind, *Tech Policy Press*
Promoting sustainability and equity in global social systems, *UNDP Report*
A High-Speed Scientific Hive Mind Emerged, *Scientific American*
Meta's 'average user' data obscures harm to thousands... *The Conversation*
Journalists are exposing Facebook's problems. We'll need academics... *Tech Policy Press*
The ignorance of the crowd. *Scientific American*
Why did Donald Trump get elected? Ask the bees. *Wired*

SELECTED COVERAGE AND IMPACT

Nearly one-third of social media research has undisclosed tie to industry, preprint claims *Science*
Science's reform movement should have seen Trump's... *Science*
This Study Was Hailed as a Win for Science Reform...*The Chronicle of Higher Ed*
Does social media polarize voters? Unprecedented experiments ... *Science*
Beyond the Doom and Gloom, Here's how to Stimulate Climate Change Action. *Scientific American*
Journals must adapt to better serve misinformation research. *Nature*
Detecting Bullshit. *Science*
As Climate Change Fries the World, Social Media Is Frying Our Brains. *Bloomberg*
Why some biologists and ecologists think social media is a risk to humanity. *Vox*
The coronavirus pandemic drove life online. It may never return., *NBC News*
Social-Media Companies Took an Aggressive Stance During the Election. Will It Continue?, *WSJ*
Misinformation by a thousand cuts: Varied rigged election claims circulate, *NBC News*
Project Veritas Video Was a 'Coordinated Disinformation Campaign,' Researchers Say. *NYT*
